

ONE MAN DIES, 29
OTHERS HURT IN
PITTSBURG FIRE

One Hundred Women And
50 Men Trapped Fol-
lowing Explosions.
SEARCHING RUINS
FOR MORE BODIES
Explosions Attributed To
Accumulation Of Nat-
ural Gas.

Pittsburg, March 8.—Police today
were searching the ruins of the Shel-
don building in the heart of the old
Allegheny section of the city for pos-
sible victims of a fire which for a
time threatened a serious conflagra-
tion last night.

Gustav Rickett, 40, is dead, 29
others injured, some seriously and
half a dozen more reported to the po-
lice as missing.

Two spiritualist meetings and a
local of the stone cutters' union were
in session when two terrific explo-
sions in the old building quickly turned
it into a roaring furnace, prevent-
ing escape by stairways.

One hundred women and 50 men
were trapped. Many jumped from
second and third floors and were in-
jured. Others were carried down lad-
ders or caught in firemen's nets.

Property loss today is estimated at
\$150,000 by County Fire Marshal
Thomas F. Pfarr.

To add to the horror of the situa-
tion just after the explosions the
building was thrown into darkness for
a minute or two and the men and wo-
men became panic-stricken. The red
glare of the flames which soon fol-
lowed only increased the panic.

District Fire Chief Daniel Jones
early this morning declared that if
there are bodies in the ruins it will
take two or three days to get them
out as there is no doubt they are
buried under a mountain of debris.

The explosions are attributed to
accumulations of natural gas which
may have resulted from a leaking
pipe. County Fire Marshal Pfarr be-
gan a thorough investigation this
morning. The coroner expects to
take similar action.

Three adjoining buildings were dam-
aged.

BISHOP CONFIRMS
EPISCOPAL CLASS

Rt. Rev. DuMoulin Speaks
Of Christ The Human
And Divine.

Taking as his subject "Jesus
Christ, the Man Human and Divine,"
Rt. Rev. Frank DuMoulin of Cleve-
land, bishop coadjutor of the Episco-
pal diocese of Ohio, delivered a force-
ful sermon Wednesday evening at the
Church of Our Saviour in connection
with confirmation services.

The text of the sermon was taken
from the first chapter of St. John.
"In the beginning was the Word and
the Word was with God and the
Word was God."

"Human Fly" Just As He
Fell To Death.

Harry F. Young

This picture of Harry F. Young,
daredevil "human fly," was snapped
just an instant before he plunged to
death from the wall of the Hotel Mar-
tinue, New York city, in the pres-
ence of 25,000 noonday pedestrians at-
tracted by his daring motion picture
stunt.

DISTRICT KIWANIS
CLUB GUESTS AT
MASSILLON RALLY

Salem Club Represented By
a Large Delegation
Wednesday Night.

With delegations present from seven
cities, more than 200 Kiwanians
were in attendance at the inter-city
conference of Kiwanis clubs of the
sixth Ohio district, Wednesday night
at Massillon.

The Salem Kiwanis club was repre-
sented by a large delegation.

The meeting Wednesday night was
dedicated to have been one of the
greatest inter-city meetings staged by
the Kiwanians. With the Massillon
club acting as host, a diversified pro-
gram of entertainment was carried out
during the entire evening.

The speakers of the evening were
Alfred S. Jackson of Lima, governor
of the Ohio district; Roy L. McCave,
lieutenant governor, and Pete Land,
secretary of the Ohio district.

Gov. Jackson delivered a forceful
address, telling of the ideals and
priorities of Kiwanis. He urged
every individual club to adopt a pro-
gram for its own city, asking espe-
cially that the problems of the boys
of today be cared for by Kiwanis.

He declared that Ohio is the leading
Kiwanis state in the country both in
point of clubs and results obtained.

Each club presented five minutes of
entertainment. The Salem delegation
won rounds of applause for their
presentation of cartoons and songs. Mem-
bers presenting the entertainment for
the Salem club were E. V. Burt, R.
V. Wilson, R. L. Wright, Dr. T. T.
Church, Dr. R. E. Smucker, J. M.
Veach, R. B. Finley, Paul French, W.
Mullford, R. A. McCalmont, C. E.
Sweeney and R. E. Roberts.

The prize for the club having the
greatest percentage of attendance in
comparison with its membership was
won by the New Philadelphia club
which chartered a special car to at-
tend the event.

\$694,000 IN BONDS
IS INDEBTEDNESS
AGAINST THE CITY

Salem Can Issue Total Of
\$760,000 On \$5,201,480
Assessable Value.
MARGIN OF \$66,000
FOR ALL PURPOSES
Improvements Are Held Up
To Save Nest-egg For
Emergencies.

The city of Salem has today a total
outstanding bonded indebtedness, in-
cluding all exemptions, of \$694,000 ac-
cording to the report of the finance
committee of city council secured
from City Auditor John S. McNutt.

The total assessable property val-
uation of the city is \$5,201,480 and
the total net indebtedness that can be
contracted is 5 per cent of that
amount or \$760,074.

The report of the finance commit-
tee was given upon request of city
council in order to ascertain to what
extent they could go in providing a
bond issue for street improvements
contemplated.

City council can vote to issue not
more than one-half of one per cent of
the total property valuation in bonds
in any one year, this amounting to
\$76,007. To issue a greater number
of bonds would require a vote of the
people, the limit for this amount be-
ing set by law at 2 1/2 per cent of the
total valuation or \$380,037.

With the total net indebtedness
standing at \$694,000 and the total
debt that can be contracted by the
city being \$760,074, the city has a
margin of \$66,074 to allow for emer-
gencies that might arise.

It has been estimated that the
cost of improving Sharp st., Wash-
ington st., Woodland ave and Lincoln ave
and rebuilding the sludge bed would
be considerably more than \$100,000.
To cover any of these improvements
the city has but \$66,074 available
through bond issues and then would
be without protection in event of an
emergency of any kind.

With this situation in mind it was
the advice of Auditor McNutt that it
would be inadvisable to contemplate
the issuance of bonds for street im-
provements at this time.

LEGION CAMPAIGN
ENTERS LAST LAP

Teams Are Working Hard To
Increase Membership
In The Post.

The last lap of the membership
drive being conducted by Charles H.
Carey post No. 56, American Legion,
will begin Monday night with the
regular post meeting.

The campaign was started early in
January and will continue until
March 21. The post has been divided
into two teams, the Reds and Blues.
The team having gained the great-
est increase in membership when
the campaign closes will be guests of
the losing team at a banquet.

The committee in charge of re-
cruiting new members is headed by
L. D. Beardmore as chairman and
includes Carl Venzling and John C.
Campbell. Richard Hutcheson is
major of the Blue team while the Red
team is in charge of James Bullard.

At the meeting Monday evening
the post will elect a successor to
Post Commander John Litty whose
resignation was recently tendered.
The retiring commander is leaving
Salem. He was elected to office in
January.

County commissioners this morning
at a special meeting rejected all the
bids for material and labor for the
resurfacing for what is known as the
Canton bridge at the west end of Lis-
bon. They will readvertise for bids
within a short time.

PLANT OF VICTOR STOVE CO. GUTTED
BY FLAMES EARLY THURSDAY MORNING

SEVEN BUILDINGS
IN MINERVA ARE
SWEEPED BY FLAMES
Entire Block Except Two
Buildings In Heart Of
Town Gutted.
Woman Carried To Safety
From Blazing Rooms;
Origin Unknown.

Minerva, March 8.—Except for two
buildings, an entire business block in
the center of the town was destroyed
by fire late Wednesday.

Six adjoining buildings were entire-
ly destroyed, and another was badly
damaged. All the buildings destroyed
were frame structures, and were
not new. A brick building at one
end of the square and a tile building
at the other end were the only ones
which escaped destruction.

Buildings swept by the fire were:
Opera house, three-story frame
building, being remodeled into an
apartment building.

Restaurant and confectionery store
Harry Arthurs, proprietor.

Barber shop, Helman & Morrow,
proprietors.

Pool room, John Mackey, proprie-
tor.

News depot, Thomas Davison, pro-
prietor.

Millinery store, Thompson & Magee,
proprietors.

Shoe repair shop, E. L. McConney,
proprietor.

Printing plant of the Minerva News,
E. A. Sala, editor.

All were destroyed with the excep-
tion of the News office, which was
badly damaged.

The second floors of all the build-
ings except the opera house were
occupied as living quarters. Occu-
pants of these buildings lost prac-
tically all their personal and house-
hold belongings.

The fire broke out about 5 o'clock
in the rear of the opera house from
an undetermined cause. Timbers in
the buildings were old and dry and
the flames spread rapidly. In a short
time it was realized that the Minerva
volunteer fire department would be
unable to cope with the blaze and a
call for help was sent to Canton, 11
miles distant. Canton responded by
sending two trucks.

Woman Carried To Safety
Mrs. McConney, wife of the owner
of two of the destroyed buildings, was
carried in a semi-conscious condition
by her husband from their living
quarters over the shoe repair shop, as
the flames leaped upward through the
building. She was cared for in the
home of relatives. Mrs. McConney
was ill, having been returned to her
home only a few days ago from a hos-
pital. She was in bed when the fire
broke out.

The fire was discovered by a nurse,
Mrs. Malissa Ewin, who was caring
for Mrs. McConney. Mrs. Ewin sound-
ed the alarm which called out the
volunteer firemen.

The fire centered in the block fac-
ing on Main st. between High and
Line st. Two industrial plants in the
rear of this block were menaced by
the flames, but the firemen prevented
the flames from reaching them. They
were the Minerva Manufacturing
company, which manufactures toys
and the Groh Brothers flour mill.

Briton Fights Divorce Of
German Wife.

Baroness von Kuhlman

Capt. John Freeman-Mitford of
London joined the British forces as
soon as the World war broke out.
Immediately his German wife, one of
the richest women in the world, secur-
ed a divorce on the grounds of incom-
patibility and married the German
Baron von Kuhlman. Now Capt. Free-
man-Mitford is seeking to have her di-
vorce decree set aside.

OHIO TAXES JUMP
411 PER CENT IN
22 YEAR PERIOD

Increase Of 1,369 Per Cent
Is Reported In Sum-
mit County.

Columbus, March 8.—Coincident
with the passage of the Taft tax bill
by the lower house of the legislature,
it was learned today that a compila-
tion of records in the office of the
state tax commission reveals the fact
that taxes paid by Ohio taxpayers for
the support of state, county and city
governments have increased 411.7 per
cent since 1900 and 145.8 per cent
since 1915.

Taxes assessed for the government
of the state and its subdivisions for
1922 reached the enormous total of
\$224,130,757.66. In 1915 these activi-
ties of government received \$91,186,
002.15, while in 1900 the total taxes
paid for all purposes in the state was
only \$43,497,025.61.

Cuyahoga county, which in 1922
paid a total of \$49,182,555.71 in tax-
es, is paying more than all the people
of the state paid 22 years ago for the
support of the government.

It is also disclosed by the compila-
tion that eight Ohio counties—
Cuyahoga, Franklin, Hamilton, Lucas,
Mahoning, Montgomery, Summit and
Stark—containing the state's largest
cities pay more than one-half of all
taxes paid in the state.

In the period between 1909 and
1922 the greatest increase in taxes
took place in Summit county, where
the boost amounted to 139.4 per cent
with Mahoning county next with an
increase of 109.2 per cent and Trum-
bull third with a 98.4 per cent in-
crease. Of course the phenomenal
growth of industrial enterprises in
these counties account for part of the
added tax burden.

Users of electric light and power,
telephone, gas and street car services
pay approximately ten per cent of
present taxes, the figures disclosed.

COX IS INDICTED
ON FOUR CHARGES

Bus Line Operator Is Held
On Charges Brought
By Publisher.

J. B. Cox, former bus line operator
of Alliance, was indicted on four
counts Thursday morning by a spe-
cial Stark county grand jury meet-
ing at Canton.

Cox was charged with kidnapping,
F. A. Holmes, Alliance publisher and
charges of kidnapping, robbery, shoot-
ing with intent to kill and carrying
concealed weapons, were filed against
him in municipal court at Alliance.
He was bound over under \$45,000
bond from the county court.

Loss Estimated At \$250,000;
Company To Rebuild At Once

Fire Starting In Washroom Destroys Foundry, Finishing
Plant And Stockrooms, Throwing 250 Men Out
Of Work; Fire Fighters Are Praised.

The plant of the Victor Stove com-
pany, Depot st., was almost complete-
ly gutted by fire shortly before 6:30
a. m. Thursday, causing damage es-
timated at nearly \$250,000 and throw-
ing more than 250 men out of employ-
ment.

The foundry was almost completely
destroyed in addition to a section of
the finishing plant and storerooms.

The blaze originated in the em-
ployees wash room at the rear of the
foundry from an overheated stove.

The heater had been placed in the
room only recently and it is believed
that the stove was fired too heavily,
igniting the framework.

Discovered By Employee
The fire was discovered by an em-
ployee who immediately attempted to
extinguish it. Due to the frame con-
struction of the wash room the blaze
rapidly ate its way to the roof before
help could be summoned.

Firemen responded to a call and
within a few minutes ten streams of
water were being played onto the
burning structure. Second and third
alarms were sounded by Chief Vin-
cent Malloy when the blaze continued
to gain headway and scores of men
turned out to help the firemen.

Eating its way rapidly through the
roof the blaze soon reached the store-
house and it was only by desperate
work on the part of the fire fighters
that the flames were halted before
they could reach the west end of the
stock rooms where a large amount of
finished material was stored await-
ing shipment.

Water Damage Great
Horde of workmen of the fire fight-
ing force in climbing the
freight elevator shaft hand over hand
with a line of hose saved one section
of the stock rooms from destruction.
Unable to make their way to the
third floor by means of the burning
stairway, the men hauled themselves
up hand over hand until they were
enabled to reach a window in the
blazing structure.

The flood of water poured into the
stock rooms from the floor above
caused considerable damage to a
large number of stoves stored await-
ing shipment. Rust caused by the
water on the interior of the stoves
will make them unfit for selling pur-
poses, plant officials say.

The greater part of the machinery
in the foundry used in production was
destroyed by fire and water. The
roof of the building was burned out
but it is not believed that the walls
were damaged to any great extent.

Officials of the company were un-
damaged, the fire being confined to
the rear of the plant.

Praise Fire Fighters
Officials of the plant were unstat-
ing in their praise of the work of the
firemen. Their work in bringing the
flames under control after finding the
foundry a seething furnace upon
their arrival was commended by offi-
cials.

Nearly factories aided in fighting
the fire by turning out their fire light-
ing equipment to help the firemen.
It required nearly three hours
fighting to subdue the blaze. Ten
streams of water being pumped at an
extremely high pressure were re-
quired and one stream was left play-
ing upon sections of the building until
nearly noon.

Curtailment of production at this
time is a serious blow to the com-
pany. The plant was in the midst of
one of the greatest volumes of busi-
ness in its history and new orders
have been received daily. Running
at full capacity the plant employs
nearly 300 men and more were being
sought prior to the fire, to keep
abreast of the rush of orders.

Will Rebuild Plant
It is the aim of the company to be-
gin production again as soon as pos-
sible. It is planned to erect a tem-
porary roof over the burned building
and to rush work on cleaning up the
large accumulation of debris. Nearly
six inches of water on the floor of
the foundry will result in delay in
rebuilding until it can be cleared.

The plant will be rebuilt as soon as
possible, according to C. E. Sweeney,
general manager. Temporary shel-
ter will be erected until such time
as the insurance adjusters complete
their work and then it is expected to
rebuild permanently.

A large amount of the damage is
covered by insurance. Adjusters are
expected to arrive here within the
next two days to begin their survey
of the damage.

Springfield, March 8.—How he took
a "gambler's chance" to recoup losses
suffered by himself and friends in
the floating of a company to cross the
railroad ties, and how from time to
time he dipped deeper and deeper in-
to the bank's funds, was to be told
again today by A. H. Penfield, cashier
of the closed Springfield National
bank, to bank officials and federal
bank examiners.

Penfield has already made a clean
breast of the affair and convalescing
after his unsuccessful attempt at sub-
sistence, at the home of his father-in-law,
Dr. D. K. Gotwald, said weakly this
morning:

"I'm glad it's over. My life for ten
years has been a living hell. Fear of
discovery daily and the fading hope
that I might replace all the funds at-
tempted."

Discovery of the speculations came
by accident, it was learned. It was
when the cashier, in his last desperate
plunge in hopes of recouping his
losses, sold more than \$100,000 worth
of bonds to the Mellon bank, of Pitts-
burg, officials of which notified the
local institution of the transaction,
that federal bank examiners were
summoned and the \$300,000 shortage
discovered.

Conrad Nagel, president of the bank,
was prostrated by the disclosures,
and is reported confined to his bed at
home.

It was not believed today that de-
positors would lose more than twenty
per cent and it was thought possible
that stockholders might make up the
entire deficit in order to permit the
bank to continue business.

Will Erect Addition
To Business Building
Lisbon, March 8.—Adolph Heim is
preparing to erect a large addition to
his building at the corner of Beaver
st. and Lincoln way. The improve-
ment will be 25 by 30 feet and two
stories high, and will add 750 square
feet of floor to the store room on the
first floor, lately leased and occupied
by the Esch Furniture store.

The second floor of the addition will
be made into living apartments.
Ground will be broken for the im-
provement within the next 30 days.

Taylor, Coal Baron
And Banker, Is Dead
Erie, Pa., March 8.—Matthew Henry
Taylor, 76, multi-millionaire coal bar-
on and banker, died suddenly last
night in Atlantic City, N. J., according
to word received here today.

For many years Mr. Taylor was
president of the Pittsburg Coal com-
pany.

Gives Final Report
On Rhine Occupation
Washington, March 8.—Maj. Gen.
Henry C. Allen, former commander
of the American Army of Occupation
in Germany, called at the state and
war departments today to report on
conditions in the Rhineland and to
prepare his final report of the occu-
pation.

Lisbon Pastor Will
Preach Here Friday
The meetings at the Methodist
church were better attended last
night than any night this week. To-
night Rev. Dr. E. L. George of All-
iance, superintendent of Canton dis-
trict, will preach, and J. William Fin-
son will sing, "Jesus Is Passing By."
Words and music by Rev. E. A. Hoff-
man. Circle 1 will attend in a body.
Rev. D. E. Scott of Lisbon Metho-
dist church, will preach Friday night.

Girls Will Be Boys
In School Playlet
Lisbon, March 8.—Girl students at
the Columbiana County Normal school
here are planning to give a play in
the high school auditorium on March
15 entitled "The New Code." The
girls are taking all the parts and no
more man will have a chance in the
play although it depicts college days.
The girls who are to take the part
of college boys are cultivating deep
alto voices and a swagger and from
reports that have leaked out from the
rehearsals these budding school mar-
ms will furnish a regular entertainment.

Her, but consented because we had
had trouble over a girl I knew out
there.

"We got to our Mentor place and
about midnight Hazel said she was
ill, and we started back to Cleveland,"
Burns continued. Then he related,
according to Lake county officials,
that as they passed the B. and O.
woods she pulled a revolver and tried
to fire at him point blank, but the
cartridges failed to explode.

Burns said that he grabbed the gun
and began beating her over the head,
and that when his fury abated he
buried her in the shallow grave
where the body was found.

bullet wound ends
Quarrel In Alliance
Earl King, colored, is in the All-
iance City hospital with a bullet wound
through his left breast, the result of
a shooting affray in Alliance Wed-
nesday night. Luther Lowrey is
held on a charge of shooting.

It is alleged that the two became
involved in a quarrel leading to the
shooting. Reports current in Salem
indicate that two other colored men
were participants in the affair.

Burns, On Way To Pen, Tells
Why He Murdered Wife
Cleveland, March 8.—Manacled to
two deputy sheriffs, on his way to
spend the remaining years of his life
in the Ohio penitentiary the self-
confessed murder of his wife, Henry
D. Burns, former Cleveland business
man, today told Sheriff Spink and the
deputies why he beat his wife to
death with a revolver.

"Hazel tried four times to shoot me
with the revolver as we were riding
in our automobile," Burns is reported
to have said. "We were together in
our Cleveland home when I planned
to go to Mentor. Hazel insisted on
going with me. I didn't want to take

fected 2,500 years ago.

Building Outlook
In Spring Bright

Sebring, March 5.—The building

outlook for Sebring for the present

season, said Contractor E. D. She-

vell today, is good. It is reported

that the contract has been let for an

apartment house to be built on Mary

land ave. and Eighteenth st. and that

the contracts have been let for ten

moderate-sized residences in the

north part of the city.

Crushed limestone has been placed

on Fifteenth st. to repair the paving

which is broken in several places.

One of the few women holding

office as county judge is Mrs. Bessie

Hess, who is a resident of Sebring.

She is a widow and has been

married for 18 years on

the bench.

THE COMPASS

By CLEVES RUDYARD

Beth had gone into the deep woods to "think things over."

Thinking things over meant to ponder the old question of whether she ought to marry Mark Lane, who had an aged mother to support, and whether she was justified in leaving her grandfather, who needed care in his declining years. He was always busy—she could hear the sound of his hammer nearby—making the rustic furniture for which he found a ready sale to a great city firm, or weaving baskets. Grandfather needed her, and Mark's mother needed him and his earnings as a lumberman. She was walking down the path back of the house when grandfather's voice recalled her.

"You swing to the woods, Bethie?"

"Yes—do you need me, Grandy?"

"No, dear—but I don't want you to go into the deep woods without company—and if you must go alone, take a compass. You might get lost."

"Lost?" she laughed gently. "Why, I know the woods like a book!"

"Aye, Bethie, but if you stepped aside from the paths you know, and got turned about, you would be lost. I'll get my Uncle Joseph's compass—he carried it for years in these same woods and died, as you know, away off there in a cabin near Boulder Brook. Folks said he had lots of money that he made in the city before his wife died, and he became a hermit, but no one ever saw any of it. He lived sparingly, fished in the stream, hunted for game and read his books."

"Is the cabin still there?" asked Beth, for she had never heard this story before.

Grandfather shook his snowy head. "There may be a heap of stones where the fireplace stood and the chimney—perhaps a few rotting logs—nothing more. All he left besides a little insurance money was this compass, which he always carried. He gave it to me—and I want you to take it and always wear it when you go into the woods."

Presently she was in the silence and grandeur of the pines. The autumn sun pierced the thick interlacing branches here and there and dappled the path, slippery with brown pine needles. The wind sang through the trees and the air was fragrantly bracing with the piney odors. Beth walked until she reached the end of familiar trails. Beyond this point she had often walked with Grandy or with Mark, both expert woodsmen, but today the thought of the hermit's abandoned cabin, near Boulder Brook, lured her feet farther and farther into the woods. She sat down by the brook and tried to think things over as she had planned, but doubts and fears chased endlessly through her brain and all her planning came to one unanswerable problem: How can four people live as cheaply as one? and, if we only had money enough—

Beth cried bitterly for awhile. Then she brushed her face in the brook, told herself she was a goose for worrying and turned toward home. But where was home?

In five minutes Beth was completely lost. If the friendly sun had only remained outside the clouds she could have found her way, but now, in which direction lay home?

The compass. Joyfully, she took it from her pocket and watched the quivering needle as it wavered on the dial. In a moment she had defined her position. If she walked due east she would come out upon the highroad far above her home. Now she followed the course of Boulder Brook, which flowed through the east; finally she came out into an open space near the brook; she crossed this, pushing through the thick underbrush. Suddenly she stumbled and fell prone among some stones. The green bushes closed around her and her head swam dizzily, then consciousness left her.

Hours afterward she awoke to the sound of her name, faint and far away. She managed to cry out feebly—again she cried, louder, and some one answered—later, there was a crashing of bushes and the sound of Mark's voice. Mark's arms lifted her out into the cleared space, and there was grandfather with his basket of restoratives to make her comfortable. Mark was examining the heap of stones that he had uncovered. "This place was once occupied by a cabin," he explained. "Here are the chimney stones and the remains of a fireplace."

"The hermit's cabin," said grandfather, leaning on his stick. He poked the stick among the stones and uncovered a deep, stone-lined cavity beneath the hearthstone. In this was a bundle wrapped in oilcloth, something heavy, which proved to be a steel cashbox filled with valuable securities, all made out in the name of Joseph Gray, and which would now belong to Beth and her grandfather.

"This is the way out of our troubles," said Beth softly. "Uncle Joseph's compass showed the way—he would be glad to know that it would bring happiness to four people." Grandy and Mark, standing with bared heads, agreed with her.

His Reaction.

"But the senator denied it, and—" said one member of a group of men just as J. Fuller Gloom was passing.

"I don't know what it is," snarled the pessimist as he went onward, "but if the senator denies it of course it's true!"

Persons who want anything know that The News is the Want Medium in this territory. So read it.

WILLIAM H. HAMILTON, valued employee of the Federal Civil Service Bureau, Washington, says he would not be without Tanlac, even if it cost ten dollars a bottle.

"Tanlac put me on my feet and kept me on the job, and even if it cost ten dollars a bottle I wouldn't be without it," declared Wm. H. Hamilton, 1019 43rd, Washington, D. C., well known special policeman at the Civil Service building.

"Stomach trouble and a run-down condition caused me terrible suffering several years. After eating I bloated with gas till I had to gasp for breath, and pains in my back added to my misery. I couldn't sleep and was so weak and worn out I thought I was about done for."

"But now I feel as good as when I was forty. I am sixty-nine, but walk to and from work, sleep like a top, eat hearty and enjoy splendid health."

Tanlac is sold in Salem by all druggists.

Over 35-million bottles sold.

MAY BE RIGHT, AT THAT

Hubby (entering home, sniffs the air)—Ah, do I smell a goose?

Lena (from the kitchen)—No; it's the missus curling her hair.

FLUSH THE KIDNEYS BEFORE BREAKFAST

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Eating too much rich food creates acids, which excite the kidneys. They become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood. Then we get sick. Rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys, or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, begin drinking a quart of water each day, also get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys may act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush and stimulate the kidneys; also to help neutralize the acid in the system, so they no longer cause irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complications. By all means have your physician examine your kidneys at least twice a year.

Lorain—Lorain girls have organized a Tut club. Their favored fruit is the fig, and the bullrush has been adopted as their symbol.

After eating a hearty supper, it always seems to us that the whale deserved more sympathy than Jonah.

SOCIETY

Birthday Observance
Celebrating her 90th birthday anniversary, Mrs. Esther Haldeman received a number of her friends at her home in Damascus Thursday. At noon a dinner was served to members of her family after which Mrs. Haldeman received many callers.

Mrs. Haldeman was born in Fairfield and in 1839 she was united in marriage with Joseph Haldeman. For more than 40 years they resided on a farm north of Garfield. They then moved to Damascus where Mr. Haldeman died five years ago.

Mrs. Haldeman is in comparatively good health. She has six children, 17 grandchildren, 19 great grandchildren and two great great grandchildren. Mrs. Roy Haldeman and daughter of Oak, Ia., were present at the anniversary dinner.

Program at Church
A program arranged by Miss Ella Strawn was enjoyed by a large congregation at the First Christian church Wednesday night at a night session of the Missionary society. This program was given. Introductory remarks Miss Strawn; prayer, Miss Addie Bonnell; vocal duet Mrs. J. O. Briggs and Miss Phoebe Nichols; talk in behalf of the girl's school at Paraguay Rev. H. L. Miller; a plea in behalf of prohibition, Mrs. J. B. Zeigler; a paper on the reception and education of foreigners, Mrs. Anna Mae Painter; piano duet, the Misses Altha Wagner and Esther Grable.

Following the service a get-together social period was held and refreshments served.

Luncheon and Bridge
Mrs. R. R. Miller and Mrs. Archie Harwood were associated hostesses at a portly appointed 1 o'clock luncheon Wednesday at the Miller home on Highland ave. A motif of pink and white and pink shaded candles made the tables beautiful and there were about 50 guests. Bridge was introduced and the prize winners were Miss Ella Kirkbride, Mrs. Jacob Ambler and Mrs. Ernest Gibbs. The out of town guests were Mrs. A. E. Harris and Mrs. Louis Weaver, East Liverpool.

McLaughlin-May
Miss Ruth McLaughlin of this city, and Chauncey May of Canton, former Salem resident were united in marriage at Lisbon, Wednesday afternoon. On their return to Salem a wedding dinner was served by Mrs. Carl McLaughlin and Mrs. V. L. May to 12 guests. Cut flowers were used in the decorations.

Mr. and Mrs. May will make their home in Canton, where the groom is employed.

Marriage Licenses
Miss Mayme B. Cope, Lisbon, and Ezra E. Lyon, Millport, were married this morning at the residence of D. E. Scott, pastor of the M. E. church in Lisbon.

Mary E. Saunders, Washingtonville, and M. W. Wisler, Columbiana, were married at Lisbon this morning at the residence of P. E. Carson, United Presbyterian church.

Dinner for Mr. Radkey
Twelve friends of Walter Radkey were guests at a turkey dinner at the home of Mrs. Clara Burson, Broadway Wednesday night. Flowers and St. Patrick's appointments were used to carry out the decorative scheme. Cards and music were the after dinner diversions. The affair honored Mr. Radkey's birthday anniversary.

Joint Committee Meets
A meeting of the joint committee composed of members of the Sons of Veterans, the S. of V. auxiliary and the Women's Relief Corps assembled at the G. A. R. hall Wednesday night where they served a covered dish supper and made plans to serve a supper to the public Saturday March 17, at the G. A. R. hall.

Sterling Club
Associates of the sterling club held a session at the home of Mrs. James Giffin, 336 Franklin ave., Wednesday night. Fancywork, music and lunch were the features.

The next meeting will be held at the home of Mrs. Elsie Winstanley Carwright, in Sebring, in two weeks.

Fifty At Oliphant Home
Sixteen young people enjoyed a party at the home of Mr. and Mrs. John Oliphant in Winona Wednesday night. The affair was arranged as an informal get-together and games and refreshments were the features.

Mrs. Emma Blackburn Whinnery, Alliance, formerly of Salem, who has been ill of influenza, is reported to be slowly improving. Her mother, Mrs. Andrew Blackburn, Columbia spent Thursday with her.

Mr. and Mrs. L. E. Norris, who have been living at Charlevoix, Pa., came to this city this week to make their home. Mrs. Norris was before her marriage, Miss Vera Steward, this city.

Mr. and Mrs. W. A. Sinclair, who have been guests of Mr. and Mrs. H. A. Kilbourne, East School st., for the last two weeks, left Thursday morning for their home in Toronto, Can.

Miss Mary Mellinger has returned home from Canton where she visited relatives and attended a performance at the Greenwich Village Playhouse.

Miss Sadie McKenzie is off duty at the New System bakery on account of illness of her mother, Mrs. Clara McKenzie, Ellsworth ave.

E. M. Carr, Roebeling, N. J., has been called here by the serious illness of his mother, Mrs. Susan Carr, north of Salem.

Harry Gilmore of Columbiana was a Salem visitor Wednesday night.

Reuben Grimes is seriously ill at his home, East Sixth st.

Charles Trinnick, Pittsburg, spent Wednesday in Salem.

Divorcee Shakes English Society

Mr. & Mrs. Tom Furness

English society is being shaken by the trial of the divorce proceedings instituted in London by Tom Furness, member of the immensely wealthy steamship family. Drugs, whisky and indiscretions are alleged. Mrs. Elizabeth Fae Furness, an American girl, sued first, but her husband answered with a cross-petition, alleging she miscondacted herself with Maurice Moutet, the noted dancer. She vehemently denied his charge.

Albin Carr, Canton, is at the home of his parents, Mr. and Mrs. Thomas Carr, Ellsworth rd.

Mrs. R. L. Hutcherson is spending several days in Canton, the guest of her parents.

Elect Ward Secretary To Succeed Hostetter

Lisbon, March 8.—To fill the vacancy caused by the death of William Hostetter, directors of the Columbiana County Mutual insurance company held a special meeting Wednesday afternoon and elected L. M. Ward of Lisbon, as secretary-treasurer. Mr. Ward has been connected with this company for 20 years. Charles Huston was elected assistant secretary-treasurer.

Finnish Debt Funding Will Be Considered

Washington, March 8.—Arrangements for funding the \$9,000,000 Finnish debt to the United States will be considered tomorrow by the American debt funding commission when it meets to draw up a form of contract for the payment of the \$1,600,000,000 British debt. Secretary of the Treasury Mellon announced today.

ADD CHEER TO THE EXTRA ATTIC ROOM

An extra room in the attic, which is used for a sewing room and occasionally for a sleeping room, was made ever so cheerful by a happy combination of ruffled curtains with a cretonne valance and tiebacks. A gray cretonne painted with large roses is used and the skirt box under this window is covered with plain gray combined with the flowered material. Gray braided rugs are used on the floor and several cast-off chairs from the living room with slip covers of cretonne give a homey look.

CONFIRMS MERGER OF MATCH MAKERS

New York, March 8.—Wall street rumors that eight independent match companies in the middle west were forming a combination to be known as the Federal Match company, with offices here, was partially confirmed today by T. J. Reynolds, vice president of the Diamond Match company.

It is as a rival to the Diamond Match company, which for years has held a position in the match business comparable to the domination of the United States Steel company in the steel industry, that the new corporation is being formed.

"All these companies are competing with us now," Reynolds declared. "They are merely combining, according to my information, to strengthen their position."

The companies said to be involved in the merger are the Union Match company, Duluth, Minn.; Minnesota Match company, Duluth; Illinois Match company, Joliet, Ill.; Reliable Match company, Ashland, O.; Indiana Match company, Crawfordsville, Ind.; Cleveland Match company, Cleveland, O.; Wheeling, W. Va., and the Fred Fair Match company, Boonshurg, Pa.

The reported capitalization of the new corporation is \$5,000,000.

FATHER OF SEVEN CHILDREN KILLED

Huntington, W. Va., March 8.—Sam Alberts, 50, the father of seven children, was shot and instantly killed last night by William H. Vernard, his brother-in-law, who is the father of five children.

Vernard, who confessed to having killed Alberts with a double-barreled shotgun, is lodged in the city jail awaiting the preliminary hearing on a charge of murder.

"I did not aim to kill him, I only wanted to frighten him away from my home," Vernard said.

Jealousy on the part of Vernard with his dislike of having Alberts as a boarder at his home are attributed by police as causes for the shooting.

World Oil Concern Offers Huston Job

Washington, March 8.—Assistant Secretary of Commerce C. H. Huston has been offered the presidency of the World Commerce corporation of New Jersey at a salary of \$100,000 a year, it was learned here today.

The new corporation will have a capital of several hundred million dollars and is backed by New York and Pittsburgh capitalists. It will take over oil interests in foreign countries and become interested in growing oil concerns in this country.

Explosion Robs City Of Electric Power

Providence, R. I., March 8.—An explosion at the plant of the Narragansett Electric Light company early today left the city without light or power. Buildings were without elevator service and all manufacturers using electric power were idle. The city's newspaper plants were without power for presses and other machinery and telegraph wires were dead.

SENATE APPROVES DIM LIGHT BILL

Votes To Repeal Non-Glare
Headlight Law, Return
To Old Practice.

Columbus, March 8.—Repeal of the law which requires automobiles to be equipped with "non-glare" headlights and resumption of the former practice of dimming lights when approaching another machine was approved by the senate yesterday when it passed the bill of Sen. Farnsworth of Lucas county.

Passage of the measure by the house and its signing by Gov. Donahy will mean that any sort of headlight may be used in the state but drivers must dim their lights at a distance of 700 feet or control them in such a manner that the intensified rays may not be visible more than three and one half feet from the ground at a distance of 200 feet.

In regard to spot lights, the bill specifies that intensified rays must not be brought to the surface of the road at not more than 60 feet in front of the vehicle when approaching another car at a distance of 700 feet.

ASSIGN 42 CASES ON COURT DOCKET

Lisbon, March 8.—Assignments of cases for two common pleas courts for next week have been issued by Clerk T. T. Burns, Judge H. W. Jewell, having indicated that he would return to Lisbon next week and hold court here. Judge J. G. Moore will preside in court room No. 1. Fourteen civil cases having been set down for trial before him.

Friday nine divorce cases have been arranged for hearing. They are as follows: Helen Wyand vs Homer Wyand; Richard Yonz vs Grace Yonz; Iris Hunter vs James Hunter; Myrtle Warren vs Frank Warren; Walter Ellis vs Anna Ellis; Ada L. Platt vs William Platt; all of East Liverpool; Helen George vs William George, Salem; Bert Askins vs Virginia Askins; Susan Withrow vs H. M. Withrow, Lisbon.

Judge Jewell has an assignment of 19 cases set for hearing before him in courtroom No. 2. These civil actions making in all 42 actions on the assignment for next week.

OBITUARY

Mrs. J. I. Cross
Mrs. J. I. Cross died at her home in East Rochester Monday afternoon after a long illness. Mrs. Cross was about 70 years old. She was the mother of Mrs. J. W. Noble and Mrs. J. A. Thompson of Alliance; Mrs. J. H. Lippincott and Brook Cross of Minerva and Mrs. Charles Marietta and Homer Cross of East Rochester. Funeral service was at the home Wednesday afternoon and interment near East Rochester.

Mrs. James Grove
Mrs. James Grove, 57, Leetonia, wife of James Grove, died at 4:30 p. m. Wednesday at her home following an illness of influenza and pneumonia. Besides her husband two daughters survive. Both of them live at Waltham, Mass.

A service was held at the home Thursday morning, after which the body was sent to Waltham, Mass., for interment.

STOCKS

MARKET IS STEADY

New York, March 8.—The stock market was steady at the start today, good fractional gains being made in most of the active issues. Coston Oil was in large demand, advancing over one point to 61 1/2 on rumors of a merger with the Standard Oil company of Indiana. U. S. Steel was 3 1/2 higher, while Baldwin rose nearly one point. Studebaker and Hudson Motors showed good fractional gains. Pan American Petroleum rose nearly one point. There was little doing in the railroad group.

Perry Grange Names Purchasing Agent

Luther Stewart and Lester Newhouse will be purchasing agents of Perry grange for this year. They were elected to this office at a meeting Wednesday evening at the hall, Franklin rd. One application for membership was received. A short program was given.

In two weeks the women of the grange will give the program.

THE VICTOR STOVE CO.

wishes to express their sincere thanks to the city fire department, volunteer firemen, manufacturers and every individual who aided in combating the fire at our plant this morning.

Iowa Physician Makes Startling Offer To Catarrh Sufferers

Found Treatment Which
Healed His Own Catarrh
and Now Offers To Send
It Free To Sufferers
Anywhere.

Davenport, Iowa.—Dr. W. O. Coffee, Suite 324, St. James Hotel Bldg., this city, one of the most widely known physicians and surgeons in the central west, announces that he found a treatment which completely healed him of catarrh in the head and nose, deafness and head noises after many years of suffering. He then gave the treatment to a number of other sufferers and they state that they also were completely healed. The Doctor is so proud of his achievement and so confident that his treatment will bring other sufferers the same freedom it gave him, that he is offering to send a 10 days' supply absolutely free to any readers of this paper who writes him. Dr. Coffee has specialized on eye, ear, nose and throat diseases for more than thirty-five years and is honored and respected by countless thousands. If you suffer from nose, head or throat catarrh, catarrhal deafness or head noises, send him your name and address today.—Adv.

MORE TANGLES IN VETERANS' BUREAU

DIRECTOR CHARLES R. FORBES HAS RESIGNED AND MILLER DOESN'T WANT PLACE

COMPLAINTS ARE NUMEROUS

Those of Delay in Adjustment of Claims Often Are Not Well Founded—Reports of Shake-Up Demoralize the Employees.

Washington.—Things are tangled up again in the veterans' bureau. It was only recently that the newspapers set forth some of the troubles which are besetting the organization which looks after the welfare of the men who fought. Now there are more difficulties, but, as in all things, the presumption is that time, study and proper pacificatory measures will remedy the situation.

Director Charles R. Forbes has resigned from his office in a cable message to President Harding. The president has accepted the resignation, and is now called upon to name somebody to take the director's place. As has been said frequently in Washington dispatches, the man who takes the place will have trouble on his hands certainly at first, and he will be compelled to use all his tact and judgment to avoid bringing upon him the sharp criticism of the various groups of claimants who think that things should be done this way or that way.

One of the complaints against the bureau has been that veterans do not readily get the adjustment of claims which they think are justifiable. There is a good deal to say in behalf of the bureau men who are trying to be expeditious in their work and trying to satisfy everybody. In the first place, a great many claims are not properly substantiated by the first evidence which is produced. The men in the bureau in a way are guardians of the taxpayers' money, and they do not feel that they can grant payments or make adjustments of insurance unless they are certain they are absolutely justified in their course. It is said that many men seem to think the government should take their mere say-so as all-sufficient evidence of injury, or of a right to secure an insurance allotment or compensation.

Miller Doesn't Want the Job.
Col. Thos. W. Miller, who is the alien property custodian and an overseas veteran, has let it be known that he does not wish to succeed Colonel Forbes. It is said that several others whose names have been mentioned in connection with the succession have given notice to the same tenor. The man who takes the job must be square, unafraid, and ready to make a decision and to stand by it.

Campaigns have been conducted to effect changes in the bureau. Some of these campaigns have been successful and some have been unsuccessful. Some, it is said, have been based on premises that were not proper and that ought to have failed for that reason. Many of the places in the bureau are held by ex-service men who are entirely qualified to fill them; others, it is charged, are filled by ex-service men who were appointed because they are ex-service men and not because of any particular qualifications for the place.

Employees Fear for Their Places.

One thing is added to the troubles of the bureau. For a good many weeks now there have been rumors that changes were to be made, and the result has been that employees have been afraid they were to lose their places, and because of the uncertainties in the case they have been unable to do good work. It is said assurances have been given that good men will be kept where they are, and that this has helped the general situation to a considerable extent, but nothing probably can remove the veterans' bureau from the field of trouble except the appointment of a director who it is known is going to stay put and who it is also known is going to do his duty just as he would have done it in the army proper.

When the insurance and the compensation plans were adopted it was thought there could be no case which would not be properly cared for under the laws. The fallibility of rule makers is shown in one matter, and it is one that perhaps is not uninteresting, because it is human. Of course, the greater part of the three or four million men who served were and still are young men, but it has turned out that quite a number of men of advanced years who seemingly had special qualifications for the service were taken into it during the war, commissioned and given the work which they knew how to do.

They gave their services, but they last war, outside of the regular army and navy, who are between fifty-five and sixty-four years of age. Many of these men have found that they cannot carry their insurance, or at least cannot carry it after the five-year limit which was set for its expiration has been reached.

They gave their services, but they will not have the same recourse that the younger men have. It is believed this matter will be straightened out later when the veterans as a body have had an opportunity to study it in all its aspects, and to realize that an injustice is being done to the older ones who volunteered to serve.

Persons who want anything know that The News is the Want Medium. A safe method. As good as.

Mondell Is Appointed To Finance Board.

Frank W. Mondell

Rep. Frank W. Mondell, Republican, of Wyoming, former majority leader in the house, defeated at the last election, has been appointed director of the war finance corporation by President Harding. The post pays \$12,000 a year, and Mondell will hold it until May 17, 1926. He had been offered his choice—this job, that of ambassador to Japan, or governor of Porto Rico.

World Cities on Same Parallel.

If you had to travel directly east from the city hall a distance of 5,022 miles you would cut right through the southern suburbs of Constantinople.

It is remarkable that so many cities of first importance are situated on the same parallel. That narrow belt, hardly more than 90 miles in breadth, which encircles the globe between 40.20 degrees and 41.50 degrees in north latitude includes Constantinople, Rome, Madrid, New York and Chicago—five cities as important or historic as any other five perhaps in the world.

London is considerably north of New York. It is situated in about 51.45 degrees north latitude, thus being in about the same parallel as Calgary.—New York Sun.

Wild Geese Blocked Railroad.

Wild geese thronging the right of way of the Spokane-Portland railway north of Wallula, Wash., interfered seriously with the operation of trains for about a week. So numerous were the big birds that several times it was necessary to stop trains that the bewildered hunkers might not be slaughtered by hundreds. Engineers tried to drive the birds from the tracks by tremendous blasts from the locomotive whistles. When the great flocks took wing to clear the way for the trains the noise of their beating pinions could be heard for a great distance.

The Washington Post observes that a partisan is invariably a member of the other party. Of course, other wise he's a patriot.

THREE TAXATION MEASURES GIVEN HOUSE APPROVAL

Columbus, March 8.—One of the most elaborate taxation programs that has been before the legislature for years was approved Wednesday by the house of representatives when in quick order it passed the Taft, Albaugh and Robinson bills.

The Taft bill which among other things fixes maximum rate limitations of 17 mills in municipalities and 14 mills in counties with sinking fund interest charges outside those limitations, was passed by a vote of 60 to 35.

The Albaugh bill abolishes the elective township and ward assessors and creates a county board of tax assessors composed of the county auditor, prosecuting attorney and president of the board of county commissioners, which in turn appoints experts to do the work of assessing formerly done by the old elective assessors.

The Robinson bill, which imposed a

penalty of 10 per cent of the value of the property for refusal or failure to pay the property for taxation, met but the property for taxation, met with more opposition than the Albaugh bill, but nevertheless had a substantial majority. The vote on the Robinson bill was 58 to 15.

A last effort of the uncompromising Unionists to amend the Taft bill failed by a vote of 74 against 30.

PURCHASE LARGE APPLE ORCHARD

East Palestine Firm Also Buys Cold Storage And Ice Plant.

The Coll-Cochrane company of East Palestine, a new Ohio corporation, closed a transaction at Youngstown Wednesday whereby it became the purchaser of three Fred Goldberg fruit farms in Ohio township, aggregating 345 acres of land with 150 acres of apple orchards, a large registered Holstein herd and farming equipment.

The large modern Goldberg cold storage and ice plant at East Palestine and the preserving business formerly operated by Coll and Cochrane as partners also have been taken over by the new corporation and will be greatly enlarged.

It is the ambition of the new company to make East Palestine one of the leading apple producing and marketing centers of the state.

J. R. Coll, president of the J. R. Coll company of Pittsburgh, is president; R. E. Cochrane, formerly with Cruttschank Bros., of Pittsburgh, vice president; J. C. Chamberlain, president of the Union Commercial and Savings Bank, treasurer, and Atty. L. M. Kyes, secretary of the new company.

Fan Saves Coal.

Long Island commuters, who are among those hardest hit by the coal shortage, have adopted many expedients to eke out their supplies and to make the utmost of what fuel they have.

One of them tested an idea with so much success that many other users of hot-air furnaces are following his example. He closed the damper of his intake pipe, shutting off all air from the outside, and placed a small electric fan in the cold-air duct between the outer wall of the collar and the furnace.

The fan drives the hot air into his room heated to a much higher temperature than it formerly was when drawn from outdoors.

He says the cost of running the fan is of no account compared with the improvement in the heating of the house.—New York Sun.

URGES CHANGE IN TAX METHODS

Duty Would Make Levies Solely
on Land Values.

SENDS LETTER TO GOVERNOR

Women Seek Appropriation to Build
and Maintain a State Hospital For
Crippled Children—Gifford Judicial
Bill Likely to Be Recalled From
the House—Civil Service Commis-
sion to Conduct Examinations.

Columbus, March 8.—E. W. Doty of
Cleveland, former state public util-
ities commissioner and member of the
Ohio constitutional convention, sug-
gests a radical change in Ohio tax
methods in a letter he mailed to Gov-
ernor Donahay.

Doty proposes for adoption by the
legislature a resolution submitting
to the voters by referendum this fall
a constitutional amendment to pro-
vide a gradual change from present
taxation methods to a levy solely upon
land values. The Doty proposal would
immediately exempt from taxation
household goods, farm products and
equipment, manufactured products
and raw materials, all vehicles, liens,
mortgages and loans. Gradual exemp-
tion, beginning in 1924 and becoming
complete in 1927, would apply to all
buildings and other improvements
upon land, and to personal property
and shipping.

Doty in his letter says: "The resolu-
tion I suggest is not full single tax.
It proposes to levy whatever monies
are necessary for the operation of gov-
ernment in Ohio against the owners of
land values. The program covers a
period of nine years, thus preventing
any sudden change in business rules.
The effect will include: Reduction of
dollars that farmers will have to pay
in taxes, also manufacturers and home
owners; encouragement of actual
farming, manufacturing and home
building; reduction of dollars that
sellers of merchandise (and therefore
their customers) will have to pay as
taxes; cessation of the bond issuing
craze that has been raging in Ohio
for a dozen years, and discouraging
the holding of land out of use and
the inadequate improvement of land,
especially in cities."

A delegation of women will ask the
house finance committee for an approp-
riation of \$100,000 to build, equip
and maintain a state hospital for crippled
children. In 1915, during the ad-
ministration of Governor Willis, the
legislature appropriated \$90,000 for
this purpose. No site was secured.
Under succeeding administrations the
appropriations were allowed to lapse
and the women are now determined
to see that the fund is obtained, with
an additional \$10,000. The total of
\$100,000 now sought, it is believed,
will enable the work to become fairly
well established.

The proposed hospital would be
built on the cottage plan, in order to
eliminate fire hazards as much as
possible, and would be open only to
fully incapacitated crippled children
of the state. Backers of the project
point out that the hopelessly crippled
children have just as much right to
an education as the mentally defective
and the delinquents, for which the
state annually makes big appropri-
ations.

It is indicated that there will be a
strong fight against the Light bill
now pending in the senate, seeking
to require all garment fabrics to be
labeled as to actual wool content. Op-
ponents of the measure say that there
is no way of determining the actual
wool content of a garment and that
unscrupulous garment makers will
take advantage of such a proposed
law to boost prices on their goods.
Those opposed to the bill see in it the
hand of the wool growers of the state.
It has the indorsement and approval
of various farm and farm bureau or-
ganizations.

During the first week of April, 26
examinations will be conducted by the
state civil service commission for po-
sitions in the state service. The ex-
aminations start Tuesday, April 2,
when examinations will be conducted
for executive secretary, Ohio commis-
sioner for the blind; supervisor of mu-
sic in the department of education;
examiner in the municipal depart-
ment, state auditor; assistant bacteri-
ologist, department of health, and
drug inspector and cashier in the
dairy and food division of the agricul-
ture department.

Wednesday, April 4, examinations
will be held for clerks in all state de-
partments; automatic couple inspec-
tor; supervisor, division of workshops
and factories; office assistant, com-
mission for the blind; calculating ma-
chine operators for state departments
and deputy game protectors.

Thursday, April 5, the examinations
called include typists, grade 1, all
state department; grade 3, university
and institutional stenographers, ex-
aminer, auditor of state, cashier, fish
and game division, and bookkeepers,
grade 4. On Friday, April 6, ap-
plicants will be given the test for
grade 2 stenographers, grade 2 typists,
assistant examiners, division of in-

and auditor of state, chief
agriculturalist and assistant physi-
cians for all state hospitals.

The special bulletin which gives
complete particulars regarding all
these examinations, together with the
time and place where they will be
held, has been prepared by the com-
mission and will be mailed free upon
request to all interested.

The budget of John E. Harper, wel-
fare director, asks for an appropria-
tion of \$110,000 to pay prisoners com-
pensation during the coming year.

The increased population of the
penitentiary at Columbus and the re-
formatory at Mansfield is not only
costing the state more for mainte-
nance, and additional officers at these
institutions, but also compensation.
Prisoners while employed are paid
from two to five cents an hour. The
money is either paid to their depend-
ents, or turned over to them when
they are discharged. Last year this
compensation totaled almost \$100,-
000 and because of the increased
population it is estimated that this
year it will cost at least \$10,000 more.
Director Harper declined to accede
to the request of Captain C. W. Rowe,
superintendent of the Boys' Industrial
school at Lancaster, that seven boys
at the school be transferred to the
Ohio state reformatory. The most
serious offense charged against the
hapless seven was running away
from the institution, and the director
advises the superintendent that "It
is my opinion that to transfer a boy
from the Boys' Industrial school, a
correctional school, to the Ohio state
reformatory, a penal institution, should
be the very last step and only resorted
to after every other means had failed."

L. F. Miller, the new state fire mar-
shal, declares in his February report
that "criminal neglect in reference to
fire hazards is a disgrace to the state
of Ohio and would not be tolerated
in any other country."

"I did not fully realize the im-
portance of my office until I had be-
fore me figures showing that 46 per-
sons met death and 127 were se-
riously burned during the month of
February," Miller said.

More than 95 per cent of the fires
causing tragedies resulted from care-
lessness or neglect, usually on the
part of some one other than the vic-
tim, reports indicated. "We hope dur-
ing the next two years to arouse the
citizens of the state to the necessity
of practicing fire prevention and we
appeal to all classes to aid us in our
work," Miller declared.

Reports for the month of Feb-
ruary show that of those killed 16
were children, 24 middle aged and
five were old persons. Playing with
matches was the most common
cause of deaths among children.
Most of the aged persons were burned
as a result of their clothing catch-
ing fire from an open grate or stove.
January reports received at the
office cover 377 fires with a loss of
\$500,000. Complete returns are ex-
pected to swell this total to \$800,000.

Township trustees have no right to
levy a township tax for bridges, State
Examiner H. T. Manner points out to
the Auditor of State in a report on
townships of Perry county. Hope-
well township and several others have
bought planks for repairing bridges
and have levied a fund for building
culverts. Culverts are small bridges,
the examiner decides. County com-
missioners alone have power to build
and repair bridges, and it is intimated
that if the commissioners are a trifle
stingy about it, the trustees will have
to make the best of it.

In legislative circles it is believed
that the senate will recall from the
house the Gifford bill, passed last
week by the senate, abolishing the
right of nomination by petition for
judicial office in Ohio. This is the
measure aimed at candidates like
Judge Florence Allen of the Ohio
supreme court, who was nominated by
petition as an independent.

Opposition of Judge Allen and the
League of Women Voters and threat
of officials of the latter organization
to demand a referendum should the
Gifford bill pass was said to have
caused an unfavorable reaction and an
official of the senate stated that the
bill would be reconsidered this week
and amended.

An amendment will be inserted, it
is said, permitting nomination by
petition, but requiring such petition
to be filed not later than the date of
the regular primaries in order to pre-
vent defeated candidates in the pri-
maries running as independents.

The senate is also expected to re-
consider another bill passed last week,
the Jenkins conspiracy bill, which was
drafted as an aid to prohibition en-
forcement officials, but which upon
closer investigation is found to be too
drastic.

Malcolm Jennings, secretary of the
Ohio Manufacturers' association, makes
an attack on the policies of
Chief A. C. Baxter and the fish and
game commission. In the associa-
tion's bulletin Mr. Jennings declares
that he is personally getting much
"fed up" with the assertiveness and
aggression of the "fish and game
bunch." He continues to say that
they have been in the game so long
that a six-inch sucker minnow ap-
pears more important to them than a
six-million dollar industrial payrol.

It is charged that there is not an ele-
ment of sport about fishing in the
land waters of Ohio. Ohio's spawning
beds are referred to as being made up
by "state chamber maids."

DON'T GET UP NIGHTS FOR BLADDER ILLS

Dayton Man Reports Relief With
Simple Remedy After Getting
Up 15 or 20 Times Each
Night For Two Years

Mr. Julius Mayer, 1430 East Fifth
st., says in his own home paper, the
Dayton News: "For two years my
bladder caused me to get up many
times at night and too frequent in
the day. After taking a few doses of
Lithiated Buchu (Keller formula),
my bladder works perfectly normal
and I can sleep all night."

Lithiated Buchu (Keller formula)
acts on the kidneys and bladder as
Epsom Salts do on the bowels. You
will be surprised at the impurities
which come from the bladder after
taking a few doses of Lithiated
Buchu (Keller formula). It is not a
patent medicine, as the formula is
on the package. The tablets cost
2c each. This price makes it pos-
sible to place in the formula several
high-priced drugs, which are useful
to give relief. It is not likely that
you have ever taken a remedy sim-
ilar to this. Try a few doses for
backache, scalding, scanty or high-
colored urine and frequent desire
at night.

You can see the formula and learn
more about Lithiated Buchu (Keller
formula) at The Lease Drug Co., The
Bennett Drug Co., and drug stores
everywhere, or write The Keller Lab-
oratory, Mechanicsburg, Ohio.

Things to Know About Our Service

What's Behind Your Light Bill?

Perhaps all you see on that slip of
paper is a lot of figures, a dis-
count date something about so
many kilowatt hours and the ad-
dress of our general office.

What you don't see behind your
light bill is the vast array of men,
money and material constantly
required to give you light when
you push a button.

Think of the buildings, the for-
tunes invested in machinery, the
army of men from skilled en-
gineers to office staff! Think of
the hundreds of miles of wire,
every inch of which must be kept
in service.

Isn't it remarkable that the small
sum of money indicated in your
bill has placed all these factors to
work for you!

AMATEUR BOXING CARNIVAL WILL BE HELD APRIL 11-13

Gold Watches And Bronze
Medals Are Offered
The Winners.

The Mahoning Valley Athletic Federation, through its secretary, "By" Morgan, announces that the Mahoning valley boxing championships, which have the official sanction of the A. A. U., will be held April 11, 12, and 13, instead of dates originally published. This change was made so as not to conflict with other boxing shows that are scheduled. Final arrangements have been made for the Oak Hill ave auditorium, Youngstown.

Only registered members of the A. A. U. will be eligible to compete in the championship bouts. Entry blanks giving complete data on the entire affair are in the hands of the printers, and entrants may obtain blanks in a day or two. Registration in the A. A. U. can be made with John T. Taylor, 228 Oliver ave, Pittsburgh, Pa., or "Pat" Brannon of the Youngstown Y. M. C. A., who is one of the district commissioners. All entry blanks should be mailed to Secy. Morgan at 14 East Rayen ave, Youngstown.

The reaction since the first announcement of this amateur boxing championship, gives evidence that the affair will be on the same high level as the baseball, basketball, football, soccer, track and tennis championships, which have been promoted by the M. V. A. F.

Out of town lovers of amateur boxing such as Warren, Niles, Girard, Hubbard, Struthers, East Youngstown, Leetonia, Sebring, and North Lima will be represented not only with boxers who have already displayed their wares, but with many good boys just breaking into the game.

All of the leading clubs in Youngstown, such as the Patricians, Oaklands, Magyar A. C., St. Edwards, Perry A. C., Glacier A. A., Walnut A. C., B. T. W., East Side Civics, North Side Improvement Club, Lincoln A. A., and the West Mahoning Ave. Improvement club are already making preparations to enter all of their experienced amateur boxers as well as many beginners.

Gold watches will be awarded to the champions of each class. The runner-up in each class will receive a gold medal. The winner of each bout will receive bronze medals. The club attaining the highest total of points will receive a beautiful silver trophy.

The tournament committee will be: "By" Morgan, secretary; "Pat" Brannon, treasurer; Joseph Mullane, John H. Chase, Thomas Pemberton, Clarence Horton, Earl Beck, Frank B. Ward, eNal Kennedy, Albert Elton, Mike McHale Dr. G. O. Brown, George Clegg, Billy Evans, Judge Paul Jones, Ernie Travis, John Murphy and Dr. Hugh Morgan.

PALESTINE TEAMS COMING TO SALEM

Holy City Cagers Decide
To Play Rather Than
End Relations.

A basketball game that promises to be a real encounter from start to finish is in store for Salem fans Tuesday night when the Salem and East Palestine scholastic passers come together in a return series.

The contest was arranged Tuesday by Prin. C. M. Kohrabaugh and followed formal notice to the East Palestine school officials that either the contest be played or athletic relations between the schools were at an end.

Due to illness prevalent in Salem at the time, the return contest between the teams was cancelled by Prin. Kohrabaugh some weeks ago. East Palestine declared they would claim the game by forfeit but the rules would not permit such action.

Due to the intense rivalry between the teams a hard fought game is expected. The locals lost to the Palestine passers in the first meeting of the year at East Palestine. They are confident they can turn the tables Tuesday night.

Both boys and girls teams will meet the East Palestine basketballers. It was announced that two officials have been secured to handle the contest. Scullion of Salem will referee and Alexander of Alliance will umpire. The double system will be used in both games.

Coshocton—The last wish of Alonzo T. Emery, 77, could not be gratified. Emory requested that a horse-drawn hearse be used to convey his body to the cemetery, but owing to the fact that undertakers in the city owned nothing but motor hearses his wish was not fulfilled.

A safe parachute descent has been made from a height of only 75 feet.

Pitching Pennies, Shooting Marbles Were Taboo Then

Old Record Shows Kentucky
Had Blue Laws Nearly
100 Years Ago.

Covington, Ky., March 8.—A dust-covered book unearthed last night by the custodian of the city building when renovating the record room proved to be the minutes of the Covington board of trustees for the first year after incorporation of the town, in 1825.

This archive of almost a century ago testified to the fact that blue laws once had a foothold in the Blue Grass state, since famous for race-horses and rye as the first ordinance enacted by the board prohibited shooting marbles or pitching pennies on the Sabbath.

Fines of from \$1 to \$5 were entailed, the parents to be liable in the case of violations by minors.

Other quaint facts buried in the minutes included these:
Taxes collected for the year amounted to \$300.

The princely stipend of \$15 a year was bestowed on the man in charge of the public well.

A tax of 12 1/2 cents a year was levied against every cow and one of five cents against each horse permitted to roam.

The levy on each town lot was \$1. All taxes were payable only in gold and silver.

Great excitement prevailed, the annals relate, when a woman who had crossed the Ohio river from Cincinnati was found to be a mailbox patient. Special meeting of the trustees was called hastily and the woman was "deported" to a farm house, where the owner cared for her—at \$2 a month.

ASPIRIN GARGLE IN TONSILITIS

Cut This Out and Save if
Subject to Tonsillitis or
Sore Throat.

A harmless and effective gargle is to dissolve two Bayer Tablets of Aspirin in four tablespoonfuls of water, and gargle throat thoroughly. Repeat two hours if necessary.

Be sure you use only the genuine Bayer Tablets of Aspirin, marked with the Bayer Cross, which can be had in tin boxes of twelve tablets for few cents.

Is Snake Charmed by Music?
There is no foundation in fact for the common belief that a snake can be "charmed" with music, according to Allen S. Williams, director of the Bepit Study Society of America. Mr. Williams bases his opinion on a series of experiments extending over a period of nearly twenty-five years.

"I have tried every sort of music," says Mr. Williams, as quoted in the Scientific American, "from a tin whistle with note holes in it to a symphony orchestra, and have used as subjects nearly every variety of snakes, but have yet to note any response on the part of the reptile."

YOUR FRECKLES

Need Attention In March or Face
May Stay Covered

Now is the time to take special care of the complexion if you wish to look well the rest of the year. The March winds have a strong tendency to bring out freckles that may stay all Summer unless removed. Now is the time to use Othine—double strength.

This preparation for the removal of freckles is usually so successful that it is sold by druggists under guarantee to refund the money if it fails. Get an ounce of Othine—double strength, and even a few applications should show a wonderful improvement, some of the smaller freckles even vanishing entirely.

Scientists says the kiss microbe is fatal. But not always. Sometimes the engagement is broken.

My eyes are strong. I can read anything. Is the boast of many suffering from a form of eyestrain which, if permitted to go unchecked, develops into a serious case of poor vision.

We can tell when you need glasses. Have your eyes examined regularly and take no chances.

GIRLS! BEAUTIFY HAIR AT ONCE

TRY THIS! A GLEAMY MASS OF
SOFT, LUXURIANT HAIR

In a few moments you can transform even plain, dull, flat hair. You can have it abundant, soft, glossy and full of life. Just get a 35 cent bottle of "Danderine" at any drug store. Then moisten a soft cloth with the "Danderine" and draw this through your hair, making one small strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous and so easy to do up. All dust and excessive oil is removed.

Let "Danderine" put new life, vigor and brightness in your hair. This stimulating tonic will freshen your scalp, check dandruff and falling hair and help your hair to grow long, thick, strong and beautiful.

Country's Highest Bridge.

The highest bridge in the United States is located 50 miles west of Del Rio, on the El Paso division of the Galveston, Harrisburg & San Antonio railroad. It crosses the Pecos river.

This bridge, which was turned over to the railroad company in March, 1892, was exceeded in height at that time by only two other bridges in the world, one in Bolivia and one in France. Since then two other bridges have been constructed in Africa, that surpass the Pecos bridge, making it at the present time the fourth highest in the world.

The bridge is 326 feet above the low-water level, originally was 2,180 feet long and weighs 2,240 tons.

Spanish in the Southwest.

The old Spanish stock of the Southwest is largely agricultural, but is very exclusive. It has made progress and is financially well to do as wealth runs in the southwest country. Its members have nothing in common with the lower-class workmen who are fresh from Mexico. The railroads tapping the southern border have brought in most of the latter and use them in special railroad construction work housing them in camps. These Mexicans are very receptive and generally docile. They are in need of educational opportunities and social advancement.—Chicago Daily News.

STOMACH UPSET?
Get at the Real Cause—Take
Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c.

23 SERIES STUDEBAKER LIGHT-SIX SEDAN \$1550

Hidden qualities largely determine the value and life of a closed car.

Beauty of line and finish and refinements are surface indications and important ones. But your satisfaction with a closed car depends to a great degree upon factors that are unseen—the in-built qualities that come from correct design, use of highest grade materials and careful workmanship.

The 23 Series Studebaker Light-Six Sedan is a quality car. It is built to endure—to give lasting satisfaction.

The Sedan body is substantially made. It will last for years and retain its beauty and comfort. Evidence of its hidden goodness lies in the fact that down under

the paint and varnish, the pillars, roof rails and supporting members are made from specially selected ash. Good ash is expensive but Studebaker uses it because it best combines the proper strength and weight.

Four wide-opening doors make it easy for all passengers to get in or out without inconvenience to each other. A high-grade heater affords summer warmth on cold, damp days. The wide windows give broad vision in every direction.

When you buy a Light-Six Sedan you are really accepting the judgment of 100,000 owners who have found the Light-Six chassis so satisfactory.

Studebaker quality is traditional.

THIS IS A STUDEBAKER YEAR

JOHNSON'S HAT ON RING'S EDGE

HIRAM TOSSES HIS HEAD-PIECE
TOWARD THE 1924 PRESI-
DENTIAL NOMINATION.

SENATE HITS "LAME DUCKS"

Adopts Resolution Changing Date of
President's Inauguration and Con-
vening of Congress—Senator Borah
Is for Limiting High Court's Veto.

By EDWARD B. CLARK

Washington.—Senator Hiram Johnson (Rep., Cal.), one of the contenders for the Republican presidential nomination in 1924, tossed his hat to the edge of the 1924 presidential ring. In a letter to Basil M. Manly, director of the people's legislative service, of which Senator La Follette (Rep., Wis.) is one of the main supporters, Senator Johnson urged the extension of the direct primary for the selection of delegates to the presidential nominating convention.

Might Shift Control.
The letter has a peculiar significance because of the fact that the adoption of direct primary laws by several more state legislatures this winter would throw control of the Republican national convention in 1924 into the hands of popularly elected delegates and would provide a real chance of success for an insurgent candidate contesting the nomination against President Harding.

Additional significance was attached to Senator Johnson's letter by reason of the fact that its publication follows so closely upon the launching of the Harding boom for renomination by Senator Watson (Rep., Ind.) in the senate several days ago. Although the Johnson letter was dated February 1, several days before Watson spoke, senators have held the opinion for some time that there was little or no doubt that Mr. Harding would run again.

In his letter to Mr. Manly Senator Johnson denounced the present system of selecting the Republican presidential nominee as "little short of outrageous" and recounted some of his own experiences in the 1920 convention at Chicago. In doing so, he indirectly assailed the methods by which Mr. Harding was nominated.

Hits "Lame Ducks."

By a vote of 63 to 6, the senate adopted the resolution of Senator Norris (Rep., Neb.) submitting to the states a constitutional amendment to change the date of the inauguration of the President and vice president and for convening of the newly elected congress.

Under the provisions of the proposed amendment, the President and vice president would be inaugurated on the third Monday in January following their election, while the newly elected congress would begin functioning on the first Monday in January.

The purpose of the amendment is to make the government more immediately responsive to the will of the voters and to make the "lame duck" an extinct species. It is designed to correct a weakness of the constitution inherited from the days of the stage coach when it took several months to assemble the newly elected President, vice president and congress in Washington following the November election.

Would Limit High Court Veto.

Seven members of the United States Supreme court would be required to concur before an act of congress could be declared unconstitutional if a bill introduced in the senate by Senator Borah is enacted.

The bill, which Senator Borah presented in order to provoke discussion on the subject, applies only to cases in which the court has appellate jurisdiction and not to cases in which the jurisdiction of the court is original. Its purpose is to put an end to what Senator Borah described as "five to four" decisions.

"These five to four decisions in which important acts of congress are held unconstitutional," said Senator Borah, "have produced a vast amount of dissatisfaction throughout the country among all classes of people. A number of laws have been passed by congress of the most vital nature which have been held unconstitutional by a five to four vote of the court. The wisdom of having a different rule obtain cannot be doubted."

"The question of constitutionality presents a more serious question. I find among the great lawyers of the country who have endorsed the idea contained in the bill as presented, among others, Daniel Webster. My purpose in introducing the bill now is to bring about discussion and consideration and to ascertain whether an undesirable rule cannot be changed."

Law as Proposed by Borah.

The proposed law, which was referred to the committee on judiciary, reads: "That in all suits now pending, or which may hereafter be pending in the Supreme Court of the United States except cases affecting ambassadors, other public ministers and consuls and those in which a state shall be a party, where is drawn in question an act of congress on the ground of repugnancy to the constitution of the United States at least seven members of the court shall concur before pronouncing said law unconstitutional."

CHARGING FALSE ARREST COX ASKS \$100,000 DAMAGES

Alliance Publisher And
Lawyer Are Accused
Of Bribery.

Canton, March 8.—Frank A. Holles, publisher, and Curtis M. Shetler, lawyer, both of Alliance, are made defendants in a suit for \$100,000 damages filed here Wednesday by John B. Cox, charging that the two bribed Wade S. Russell to testify that Cox kidnapped them and also to testify that Cox was the murderer of Dr. O. C. Walker.

Cox, former head of a bus line linking Akron, Canton and Alliance, is now at liberty on \$45,000 bond awaiting grand jury action on three separate charges growing out of the alleged kidnapping of Holles.

Cox's petition alleges that the defendants entered into a conspiracy to injure his name and reputation and ruin his business. He declares that they offered to Russell and Russell's family \$8,500 as an inducement to testify that Cox kidnapped Holles June 30, 1922 and that Cox demanded \$20,000 ransom. The petition declares further that Shetler offered \$2,000 to Russell if he latter would induce Cox to say that he (Cox) had killed Dr. Walker, who was murdered more than a year ago.

How Many Days In Lent? Most People Think Only Forty

"It's strange but few folks know exactly how many days there are in 'Lent,'" remarked a Salem man today, "number of my friends," continued the fellow, "and I find the majority of them guess wrong on the number of days in the Lenten period. Some say that Ash Wednesday and Easter are exactly 40 days apart but they fail to count the Sundays. The actual number of days is 47."

"Easter this year falls on April 1, which is the 48th day following Feb. 14, the day on which Ash Wednesday was observed."

Some owls feed on fishes.

WOMEN FROM FORTY TO FIFTY

Will Be Interested in Mrs. Hooker's
Recovery by Use of Lydia E. Pink-
ham's Vegetable Compound

St. Paul, Minn.—"I was going through the Change of Life and suffered from a run-down condition and the troubles a woman has to go through at that time, hot flashes, nervousness and headaches. At times I was not able to do my work, but since taking Lydia E. Pinkham's Vegetable Compound I am gaining every day and can do my work with more ease than I have for five or six years. I owe it all to your great medicine."

MARTHA HOOKER, 114 College Avenue, St. Paul, Minn.

When women who are between the ages of forty-five and fifty-five are beset with such annoying symptoms as nervousness, irritability, melancholia and heat flashes, which produce headaches, dizziness, or a sense of suffocation, they should take Lydia E. Pinkham's Vegetable Compound. It is especially adapted to help women through this crisis. It is prepared from roots and herbs and contains no harmful drugs or narcotics.

Write to Lydia E. Pinkham Medicine Co., Lynn, Massachusetts, for a free copy of Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women."

AFFIDAVITS LIST CHARGES PROBED AT COUNTY HOME

Five Farmers Residing Near Farm Complain To The Commissioners.

By M. K. ZIMMERMAN

Lisbon, March 8.—Five affidavits have been filed with the county commissioners by County Agent C. E. Rowland, chairman of a committee of farmers that recently conducted an investigation at the County Home but at the suggestion of the commissioners, as supplementary to the report which was presented the commissioners Monday.

Those who made affidavit as to what they have observed in recent years include Marion W. Chandler, George F. Mason, Clarence M. Votaw, Samuel Tritten, and George W. Sell. These farmers and dairymen live near the County Home, and it is said by them, they had means of knowing something about the operation of the plant, insofar as the fields are concerned.

Marion W. Chandler had something to say about the method of feeding the hogs at the County Home in his affidavit, and he goes on to relate that during 1920 and 1921 he observed the hog house, and that a creek or run flows through the field near where the hogs were fed; that corn laid on the ground and in the run around this place where the hogs were fed in quantities greater than the hogs consumed.

Mr. Chandler also alleges in his affidavit, "that in the fall of 1921 there was a crop in the field in the southwest corner of the Columbiana County Home farm, which was cut with corn binder and a part of which was never shocked or removed from the field; that in the spring of 1922 when this field was prepared for oats, this corn which had remained there all winter was gathered together and burned."

Even Mingled With His Men

Reference is also made in the affidavit of George F. Mason to the burning of fodder, and that during the fall of 1922 he observed that in fattening the hogs at the Columbiana County Home farm, they were fed excessive amounts of corn, and that he frequently observed Lyle Harris, superintendent of the County Home, out among his men in the fields—"that is, the men who worked for him on the farm."

The affidavit of Mason also contains these words: "In the spring of 1917 the southeastern part of the field was properly prepared and planted to potatoes; that weeds took possession of the potato field and that the field was mowed before the potatoes were dug."

At intervals Clarence M. Votaw has been employed on the County Home farm, his affidavit relates.

Sometime in June, 1922, Votaw declares, he observed crippled and aged cow being removed from a pasture field on the farm to the slaughter house also located thereon; that the cow was so crippled and in such poor physical condition that it was necessary to rest her several times while removing her from the pasture to the slaughter house, a distance of about one-half mile; that this cow was slaughtered and was consumed at the Columbiana County Home farm.

"That in the fall of 1921 'that 30 baskets of corn were fed to 25 or 30 head of hogs on one occasion at one feeding, at the County Home farm."

"That in the spring of 1922, 22 cows were being milked at the County Home farm; that about 40 gallons of milk was produced each day, and that the entire production was consumed on the Columbiana County Home farm."

Crop Rotation

Reference is made in the affidavit of Sam Tritten about crop rotation on the lands of the County Home farm. He relates that in 1919 ensilage corn was planted, 1920 truck and potatoes; 1921 truck and potatoes; both in 1920 and 1921 weeds took possession of the crop and in 1921 weeds were cut and raked with a horse rake before potatoes were dug; 1922 oats planted in the spring and wheat in the fall. He declares that in 1922 weeds took possession of the potato field, and that the weeds were cut and raked from the potato field before the potatoes were dug, and that during the same year, the crop in the field adjoining the potato field above referred to was a failure.

Tritten's Affidavit

The affidavit of Mr. Tritten closes with this statement: "That the field south of his residence and west of farm owned by A. C. Armstrong, belonging to the Columbiana County Home farm was planted in the following crop rotation: 1919 wheat; 1920 grass; 1921 grass; 1922 corn; in 1922 this field was top-dressed with manure in the spring before being plowed; manure caught fire from burning stumps and the manure over the whole field was burned."

After relating that from his observation the failure of the 1922 corn and potato crop at the County Home farm, and on the lands southwest of the residence of Sam Tritten.

The affidavit of George W. Sell contains this statement:

"That about February 1920, certain logs were hauled from his farm by the County Home Farm employes to be sawed into lumber; that these logs were sawed into about 2,660 feet of lumber by him between February 1920 and July 9, 1920, and that all of said lumber except about 50 feet has not as yet been removed by the Columbiana County Home farm, from affiant's farm and that said lumber still lays on affiant's farm in a rotten condition or entirely rotted away."

DOLLARS DAVIS, FRIDAY AND SATURDAY, AT McCULLOCH'S. 561

It is a sad and unfortunate fact that static can be eliminated. All that is necessary to do is to take down the radio equipment.

MOTHER! MOVE CHILD'S BOWELS

"California Fig Syrup" is Child's Best Laxative

Even if cross, feverish, bilious, constipated or full of cold, children love the "fruity" taste of "California Fig Syrup." A teaspoonful never fails to clean the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the souring food and nasty bile out of the stomach and bowels, and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

THEATRES

"Love In The Dark"

In "Love in the Dark," the new Metro photoplay which is scheduled to be shown on the screen at the High school auditorium Thursday and Saturday, Viola Dana has one of the most dramatic and exciting photoplays in which she has ever appeared. In fact, it is a combination of the various elements which have made this diminutive star one of the most vivacious, charming and talented screen actresses today. It has a bit of the appealing tenderness of "The Five Dollar Baby," something of the drama of "Seeing the Believing," and the love interest of "The Fourteenth Lover." All in all, it is one of the most satisfying photoplays in which this charming star has yet been presented.

RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System. Every Druggist in this county. Within Twenty-four Hours

authorized to say to every rheumatic sufferer that if a full pint bottle of Allenru, the sure conqueror of rheumatism does not show the way to stop the agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitious and where the patient was helpless.

Mr. James H. Allen, of Rochester, N. Y., the discoverer of Allenru, who for many years suggested the treatment of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed druggists to guarantee it as above in every instance. All druggists can supply you.

Colorado Important State.

Colorado ranks seventh in size among the 48 states. It has a land area of 66,341,120 acres, or 103,656 square miles. It is more than twelve times the size of Massachusetts, approximately twice as large as Iowa and about the same size as New York, Ohio, Connecticut and New Hampshire combined. The extreme length of the state is 387 miles east and west, or 37 miles more than from New York to Portland, Me. Its width is about 276 miles, or the distance from Chicago to St. Louis. There are counties larger than several of the important states.

Miss Van Dorf, now a member of the Dutch parliament, was the first woman in Holland to study law.

U. S. Navy Blimp To Attempt Conquest Of Polar Region

New York, March 8.—Conquest of the north and south poles by air is contemplated by the United States Navy.

A daring assault on the polar regions with the ZR-1, gigantic dirigible now under construction at Lakewood, N. J., long has been discussed by officials and has met with the tentative approval of the navy department, it was declared today by Rear Admiral Wm. A. Moffett, chief of the navy's bureau of aeronautics, in amplification of an address delivered at the Westinghouse broadcasting station last night.

The preliminary tests for the big flights, the admiral said, will consist of trips from city to city across country and around the world.

It is believed the ZR-1 will prove herself capable of circumnavigating the globe in a period of time hitherto thought impossible.

"Filled with non-inflammable helium gas," he said, "the ZR-1 will not be affected by atmospheric conditions and changes surrounding such a flight and her great speed will serve her to tremendous advantage."

"The ZR-1 should be completed about the first of July," the admiral declared, "and interest in dirigible will rise to the greatest heights as a result of demonstrations with the big boat which will be given all over the country."

"We must not only keep abreast of the developments in other navies with regard to aviation, but we must excel in importance the best effort of any foreign nation."

"At present our naval air equipment leads the world—Our airplanes are unsurpassed; our methods of communication are a step in advance of any other service and we are making further progress."

An airship of similar type, the

ZR-2, is being built for this government and the pair will be the first rigid dirigibles owned by the navy department but plans are under way for the construction of a fleet of these air monsters.

British Rhine Zone Isolated By French

Paris, March 7.—French troops have occupied eight German towns east of Cologne, completely isolating the British zone of military occupation on the Rhine, it was learned at the foreign office this afternoon.

The towns are Troisdorf, Operath, Wuppertal, Remscheid, Tronnenberg, Grafrath, Mettmann and Orschaffen. Their seizure completely cuts off the British zone of military occupation from the unoccupied portions of Germany.

Pressure on Lungs Caused by Gas

Often a dull, full feeling in chest is caused by gas from undigested food pressing upwards towards lungs. Sometimes gas presses on heart and is mistaken for heart trouble. Simple buckthorn bark, glycerine, etc., as mixed in Adlerika, expels gas and stops pressure almost INSTANTLY in many cases. Removes surprising matter from BOTH upper and lower bowel which formed gas and poisoned stomach. Adlerika is EXCELLENT to guard against appendicitis. The J. H. Lease Drug Co.

Bare Revolt Plot

Munich, March 7.—A revolutionary plot was uncovered here today. Seven persons were arrested charged with conspiracy to overthrow the government. None of them are politicians.

DR. KING'S New Discovery

Break its grip—Now!

When your head feels heavy and hot—your throat parched and sore—try Dr. King's New Discovery.

Feel your head clear—your cough loosen. How comforting

to the throat. What relief to congested chest. Dr. King's New Discovery, over half a century old, the proved syrup for children as well as grown-ups. Ask your druggist for it—today.

A Greater Touring Car Value

The present price of the Ford Touring Car is the lowest ever made.

And yet the car itself is a greater value. It is better looking with slanting windshield, a one-man top and improved seats. And there are many refinements in chassis construction.

The demand is so great that deliveries will soon be impossible. To protect yourself, order now. Make a small down payment, the balance on easy terms.

Ford prices have never been so low
Ford quality has never been so high

JOHNSON'S PIANO EXPOSITION

New 1923 Piano Models
Now Being Shown

NEW MODELS ARE HERE
Products of the Greatest Piano Factories in America

The new designs tend toward simplicity, yet in their more simple lines there is grace and refinement that reflects the skill of the master designers.

We want you to hear our Apollo. While listeners sit amazed and charmed, The Apollo Reproducer reenacts the magnificent interpretations of the great artists. Its human touch thrills as only the individual artistry of genius can. Your own home is made the meeting place of the masters.

We also have the Genuine Cable Made instruments. Even more apparent than their exquisite beauty is the unchallenged value of these quality-built instruments.

The Hobart M. Cable is another big favorite of music lovers. Mount Union College has recently adopted this piano as the piano for the college. It's equally as desirable for your home use.

We can only hint at the beauty and quality of the pianos we have here to show you. You're invited to have a look at them.

We have some excellent used pianos that we have put in good condition. Better look these over.

Good Used Piano Sale

In our piano transactions we have exchanged players, and taken in exchange straight pianos that have been overhauled and are now in good condition.

Failure to Sweat is a Fundamental Cause of Debility and Disease

There is no known method of inducing perspiration equal to the use of the Electric Light Bath. Mothers who are "all run down," children suffering from defective nutrition or poor circulation, will find the Bath a wonderful restorative of physical and mental energy. The worn-out business man will find splendid increase of mental energy—a stimulant to muscle and brain in the tonic of this penetrating, radiant energy, a help which every brain worker needs to pull him through the fag of the day. The blood is called to nourish the brain cells to the detriment of the rest of the body, but a few minutes in the Light Bath equalizes energy and does wonders to tone, rest, build and renew for the day's demands. For ten years we have made much use of the Electric Light Bath in combination with the general administration of the Sinusoidal Electric Bath. The results have been excellent.

For those wishing an Electric Bath, Salt Glow, Massage and Alcohol Rub it will be necessary to make an appointment. Office hours for Bath Department daily from 8 a. m. to 10 p. m. Chiropractic Adjustments 9 a. m. to 8 p. m. daily except Sundays and Wednesdays. Phone 558.
